JUMPER SPECIFIC RULES

31. Pony jumpers must only be ridden by their pony jumper competition riders beginning at **7:00 AM** on Wednesday, August 6, 2025, and until the pony has completed its performance in all phases of the pony jumper competition.
32. Jumps in the schooling area may not exceed the fence height of the pony jumper class in progress by more than 10cm.

ELIMINATION PROCEDURE

Elimination is at the discretion of the Show Committee. Eliminations will be evaluated on a case-by-case basis.

- a. Ponies that are eliminated prior to beginning any of the phases of Pony Finals will not be permitted to compete in any phases of Pony Finals.
- b. Ponies that are eliminated prior to completing all phases of Pony Finals are subject to forfeiture of any placing(s) earned in a phase prior to receiving elimination. Eliminated ponies will not be eligible to continue competing in the remaining phases of Pony Finals.
- c. Ponies that are eliminated after the pony has completed all phases of Pony Finals are subject to forfeiture of any placing(s) earned prior to elimination.
- d. Ponies that are eliminated from a specific phase due to not completing the phase, or having been eliminated otherwise per the judge's discretion, are permitted to continue competing in the remaining phases of the competition. (This includes but is not limited to unsoundness, two refusals over fences, etc.).

QUALIFYING & ELIGIBILITY

Pony Medal riders qualify by accumulating thirty (30) points in USEF Pony Medal classes. The qualifying period is July 2, 2024 through July 1, 2025.

The order of go will be drawn by size of ponies to facilitate the change of fence height. To be held in accordance with USEF Rule EQ111.4. All riders will compete and be judged in the first round. There will be a second round of the top competitors. No more than 30 competitors will be asked to return for the second round at the judges' discretion. If further testing is required, USEF tests 1-22 may be used.

Please note that two cumulative refusals will result in elimination per USEF Rule EQ108.1i.

HUNTER PONY CHAMPIONSHIPS**QUALIFYING & ELIGIBILITY**

*** See full specifications on www.ponyfinals.org ***

Regular Pony Hunters qualify by winning a Championship or Reserve Championship in a Premier ("AA") or National ("A") rated Regular Pony Hunter section between July 2, 2024, and July 1, 2025. Green Pony Hunters qualify by winning one championship or two reserve championships in a Premier ("AA") or National ("A") rated Green or Regular Pony Hunter section between December 1, 2024, and July 1, 2025.

The pony must be registered with the Federation and USHJA at the time of the qualification in order for the Championship or Reserve Championship to count. Sections held after July 1, 2025 will count toward next year's competition. The owner of record of the pony must be a member in good standing of the Federation and USHJA, i.e., ponies must be shown in accordance with Rules GR1102 and GR1110 in order to be eligible to qualify. A microchip and valid measurement card must be on file with USEF.

Regular Hunter Pony Finals: The Hunter competition is divided into three sections: Small, Medium, and Large Hunter Ponies. The Hunter competition will be conducted in three separate phases: Model, Under Saddle, and Over Fences. In determining each pony's final score, the Model will count 25% of the total score; Under Saddle will count 25% of the total score; and Over Fences will count 50% of the total score. The same junior exhibitor is required to show an entry in all phases of the Hunter Competition but need not be the same junior exhibitor that handled the pony in its qualifying event. If a rider is unable to continue to compete, see specifications for procedure. A junior exhibitor may ride a small, medium, and large pony in the competition, but not more than one pony in any one section of the competition. Fences: Small Ponies – 2'3"; Medium Ponies – 2'6"; Large Ponies – 2'9"-3".

Green Hunter Pony Finals: The Green Hunter Pony Finals will be conducted under the same specifications as the Regular Hunter Pony Finals above. A Green Pony which has qualified for the Finals in a Green Pony Section must compete in the Finals in the Green Pony Section. Ponies competing in the green section must not have previously competed at USEF Pony Finals. A Green Pony which has qualified for the Finals in a Regular Pony Section may compete in either the Green Pony Finals or the Regular Pony Finals, but may not compete in both. Green ponies must declare the section in which they will compete when completing their entry blank. Fences: Small Ponies – 2'3"; Medium Ponies – 2'6"; Large Ponies – 2'9".

Scoring: Each judge will judge each phase simultaneously but independently of each other. They should not discuss their scores. However, a judge may discuss a particular pony with the other judge(s) if there is a question of soundness; such discussion will be done at the conclusion of that group of ponies. The veterinarian may be called for consultation. Ponies will perform in the Over Fences in reverse order of their scores in the first two phases (Model and Under Saddle). During the Over Fences phase, each competitor will be given a score immediately following its round so that a competitor is aware of the placing both in the phase and overall.

Numerical Score – Phases: The Hunter competition is held in three phases. For each phase, each judge will assign a numerical score between 0 and 100 to each entry. These scores are totaled for each pony immediately after they are received. At the completion of each phase, the scores will be posted in order of placing with the top scoring pony in each phase at the top. Ribbons will be awarded to the top twenty ponies in each phase. If a pony/rider combination does not complete a phase or is eliminated from a phase, it will receive a score of "0" for the phase. The pony/rider combination may continue to compete in the remaining phases of the competition. A pony with an ending score of "0" for a phase is not eligible for an award in that phase, but it is eligible for an overall award should scores warrant.

Numerical Score – Overall: After each pony has competed in the Over Fences phase, each judges' score is announced. These scores are multiplied by two and added to the subtotal for the Model and Under Saddle phases to determine the pony's overall score. Ribbons will be awarded to the top twenty ponies in the overall standings. A pony that does not compete in all phases is not eligible for an overall award but may continue to compete in any remaining phases.

Ties for Ribbons: Ties will be broken based on the score of the judge that is designated as judge number one for each phase of the Championship. If a tie still exists for the overall standings, the score from the Over Fences round will break such a tie.

Points: Points for USEF Horse of the Year Awards will be awarded through tenth place in each phase, and through twentieth place for overall.

Hunter Pony Model: Judged on the line on conformation, way of moving, and soundness. Ponies will be shown in groups of 12 or less and receive a numerical score from each judge. While one model section is being judged, the next model section will enter the ring.

Hunter Pony Under Saddle: To be shown at a walk, trot, and canter both ways of the ring. Riders may be asked for an extended trot. Ponies are to stop easily and stand quietly. Light contact with the pony's mouth is required. Judged on performance and soundness. Manners and suitability of a pony to rider will be emphasized. Ponies will hack in the same groups used for the Model Phase (groups of 12 or less) and receive a numerical score from each judge.

Hunter Pony Over Fences: To be shown over a minimum of eight fences at the required height. Judged using the open numerical scoring system. Judged on performance and soundness. Manners and suitability of a pony to rider will be emphasized. Extreme speed will be penalized. Please note that two cumulative refusals will result in elimination per HU124.3a. In some classes the area of the Courtesy Circle may be restricted by a mandatory line. This line will be indicated on the course diagram and a corresponding barrier will be erected in the ring. All ponies are required to trot a circle on a loose rein at the end of each over fences performance in order to be evaluated for soundness.
